

We found a few errors in the first couple of printings of Knitting the National Parks.

Many of them have been corrected in recent editions.
Click here for printable page of errata.

- Page 9, Introduction: The reference to Lassen Volcanic beanie pattern.
Error: (pages 198 - 201) Correction: (pages 202 - 205)
- Page 105: Bryce Canyon chart looks like it's missing row 1. Correction: No rows are missing. The numbers on the right are misaligned, The chart does have 47 rows as it should. Just ignore that blank row 1 and all is well.
- Page 121: Glacier Chart looks like it's missing row 1. Correction: Same as above. No rows are missing. The numbers on the right are misaligned. The chart does have 45 rows as it should. Just ignore that blank row 1.
- Page 143: Petrified Forest list of yarn used in sample names the colors, but not the brand. Correction: All yarn in Petrified Forest is Stunning String Studio Legacy Worsted.
- Page 181: Death Valley Chart: A few of the symbols on rows 14 - 17 are incorrect. This is how rows 14-17 looks in the book. The highlighted stitches are incorrect:

This is the correct version:

Also in Death Valley chart: Rows 40 and 41 should each have a knit stitch in column 31.
